

Purkal - June Bulletin

The month began with summer vacations and an adventurous trip to Kedarnath and Badrinath. 52 children and 6 teachers trekked the mountains of Uttarakhand for 11 days, the breath-taking panorama filling their hearts. One thing however was bothersome - plastic bottles, wrappers, waste and so much more strewn all over. The kids cleaned each spot as they trekked along, clearing over 30kms. The initiative was appreciated by other tourists present who volunteered in the cleaning drive.

Another appreciable effort made by the students & teachers by planting Deodar saplings at Badrinath and Kedarnath.

10 girls and boys went for an adventure course at NIM (National Institute of Mountaineering), Uttarkashi for 15 days where they learnt skills in trekking, rock climbing, cross country racing, and more. They also participated enthusiastically in all mountaineering activities conducted.

PYDS' smart 12th grade pass-outs receive scholarships at Shoolini University!

International Yoga Day was celebrated devotedly in the school. Students and teachers performed yoga *asanas* during the morning assembly. An art competition was also conducted with 'Yoga' theme in which students depicted the meaning of yoga through their paintings.
