

**We enter this season of festivity with great joy and happiness, and gratifying success stories to share with you. Our Class XII students (Batch 2020-2021) are shining bright in their post school life, thanks in large measure to the lights that you, our patrons, have lit in their lives. They have begun their new lives with enthusiasm and positivity. We are optimistic that they will become sources of pride and fulfillment to their families and communities and, over time, help realize and validate our Society's Mission.**

---

**Our University Partners and Donors have generously granted a number of our students merit-based admissions and scholarships for which we are immensely thankful.**
